

<u>Toronto 509 Route for Metro Simulator</u> <u>Installation Guide</u>

1. Download Metro Simulator 3.15 and install. Please note only Windows is supported.

2. Install OpenAL if not previously installed from here: <u>https://sites.google.com/site/openbvesim/openAL%20Installer.zip?attredirects=0&d=1</u>

3. Download the Toronto 509 route. Copy the files into the Metro Simulator directory and merge with existing files. To find the directory right click on the Metro Simulator desktop icon and select **Open File Location**.

Metro		Open	
Simula		Shred with BleachBit	
		Run with graphics processor >	
		Open file location	
	•	Run as administrator	I
		Troubleshoot compatibility	
		Pin to Start	
		7-Zip	
		CRC SHA	
		Edit with Notepad++	
	4	Scan selected items for viruses	
		Pin to taskbar	
	0	PowerISO >	
		Restore previous versions	
		Send to $>$	
		Cut	
		Сору	
		Create shortcut	
		Delete	
		Rename	
		Properties

4. Make sure to run Metro Simulator as an Administrator. Right click on Metro Simulator on your desktop and select Properties, Compatibility and check the Run this Program as an Administrator box. You are now ready to start the simulator and operate on the 509.

Here is our tutorial video on how to use Metro Simulator: <u>https://www.youtube.com/watch?v=sqFA6suF4mQ</u>

For any issues with the simulator please submit a support ticket here: <u>https://help.t2pfilms.ca/index.php?a=add</u>

We hope to see you in our online virtual streetcar runs: <u>https://ttcacademy.t2pfilms.ca/main.php</u>
